Members are assigned to five business categories and their dues are then based on number of employees (number of branches/offices for financial institutions). The date of application is the date used to determine the number of employees. Renewals are based on August 15th of that year. One principal (owner, partner) counts with the initial base with all others counting as employees, whatever their affiliation is. Part time employees are counted based on hours worked on average to equate to full-time equivalent (i.e. 20 hour worker is .5 employee in the total count)
